EMFLO

DEVELOPMENT SERVICES LIMITED

Executive Summary:

Emflo Development Services Limited is a registered company under the companies act, dealing in Electrical, Mechanical and Civil constructions. The company office and workshop are located at Plot 540, Block 232 Kabaka road Kireka Township, Kira Municipality Wakiso District

The managing Directors are Mr. Wilbert Warom & Ms. Florence Aleso who are both Ugandan nationals.

The managing Directors **Mr. Wilbert Warom & Ms. Florence Aleso** have extensive practical experience in business management and hence enabling the smooth running of the company.

They two manages and oversee the day-to-day operation; Design strategy and set goals for growth; Maintain budget and optimize expenses; Set policies and processes; Ensure employees work productively and developing professionally and overseeing recruitment and training of new employees.

Emflo do employs professional staff with immense experience and workmanship in all its' fields of operation; e.g Project Management, Civil Engineering & Construction, Electrical Engineering, Mechanical Engineering, Architect & Designing, Finance & Administration etc

The project management and supervision experts ensures the successful delivery of all its' projects and works from inception to completion, meeting the clients' timely expectations.

Project Manager: Mr. Wilbert Warom is a diploma holder; he has extensive practical experience in project management of not less than 25 years attained while working in both multinational and local companies; Skanska Jensen International, Skanska Africa Uganda Branch, Morrison Knudson International, Keltron Development Services Limited to mention but a few..

His fields of project management includes but not limited to:-

- ▶ Sourcing and Bidding for projects
- ▶ Overseeing day-to-day management of all Projects.
- ▶ General supervision of projects; planning and overseeing of projects from initiation to the end, Creating a construction Schedules; Balancing project Budgets and Tracking project activities.
- ▶ Managing Supplies: Sourcing and procuring special project materials; working with vendors/suppliers both local and international.
- ▶ Human resource management; Assigning tasks to the various company workers and Sub-contractors.
- ▶ Reviewing project costing for future comparison.

Electrical Engineer: Mr. Silver Magoba holds a Higher Diploma in Electrical Engineering; ERA Installation Permit Class B - ERA/EIP/018/2490. He also holds Operating Regulation for High Voltage System (HVS) certification of UMEME.

OUR SERVICES

His fields of supervision includes but not limited to:-

- ▶ Lines construction including Medium Voltage.
- ▶ Substation installation for all Transformer ratings up to 33kV.
- ▶ Overhead & Underground Cable installations up to 33kV.
- ▶ Transformer & MV Cable Testing up to 33kV
- ▶ Industrial installation for both LV & MV up to 33kV - including AVR, APFC, LV, DB and Control Panels.
- ▶ Domestic installations; both Flats and Bungalows.
- ▶ Solar PV installations.
- ▶ Earthing & Lightning Protection installations etc.

Civil Engineer: **Mr.Emmanuel Enewu** holds Bachelor of Science Degree in Civil & Environment Engineering - Makerere University; He has been in construction projects for a period not less than 10years.

His fields of work and supervision includes but not limited to:-

- ▶ Structural designing and design analysis of Concrete & Steel Structures using Prota-Structure and Prokon software.
- ▶ Project scheduling, monitoring progress and reporting at monthly basis.
- ▶ Reviewing project design, specifications, plan and recommending for change where necessary.
- ▶ Undertaking of surveying activities and making report.
- ▶ Management of laboratory and in-situ tests and analysis.
- ▶ Approving recruitment of skill workers/personnel for projects.
- ▶ Approval of subcontractors and proper supervision during execution of project activities.
- ▶ Overseeing of approval of plans and securing of any form of construction/building permits.
- ▶ Undertaking of Mix design calculations and implementation
- ▶ Supervision of workers on site and performance appraisal of employees on site

Emflo company has had a robust business expansion since its' inception in the year 2017, and has built a very strong clientele base both locally and internationally that has led to its' attainment of medium size company status in the Tax Authority ranking of the FY 2021/2022.

Vision

To be the customers' provider of first choice in Civil, Electrical & Mechanical Engineering works and professional workmanship offering a comprehensive range of products and services.

Mission

Guided by passion, hard work, integrity, innovative technology, we aim to provide high quality services and products at competitive market rates to ensure satisfaction of our customers, clients, stakeholders and employees all aimed at growth and development.

Objectives:

At Emflo, we believe in providing the highest quality of professional services and materials while observing maximum safety of life, property and equipment as well as accountability within legal and constitutional boundaries.

Our Values:

Emflo Company value reflects who we are and what we stand for as a company.

- **Customer Commitment.**

We develop relationships that make a positive difference in our customers' lives.

- **Quality.**

We provide outstanding products and unsurpassed service that, together, deliver premium value to our customers.

- **Integrity.**

We uphold the highest standards of integrity in all our actions

- **Team work.**

We work together across boundaries or sections or departments to meet the needs of our customers and to help the company win.

- **Respect for people.**

We value our people, encourage their development and reward their performance.

- **Good Citizenship.**

We are good citizens in the communities in which we live and work.

- **A will to Win.**

We exhibit a strong will to win in the market place and in every aspect of our business.

- **Personal Accountability.**

We are personally accountable for delivering on our commitment

Our Word is Our Promise

OUR SERVICES

OUR SERVICES:

- Domestic Electrical supply and installations
- High rise Building Electrical installation; i.e. Shopping Malls, Bungalows, Flats etc.
- Industrial & Factory Electrical installations.
- City and Urban Street Lighting installations.
- Solar Systems supply and installations.
- Motor Control System including PLC and Variable Speed application.
- Emergency Standby and Base Load Electrical generation equipment supply & installation.
- Design, Specification, Commissioning and Testing of low Voltage installation.
- Testing of low Voltage installation.
- Electrical Project Supervision.
- Fire Protection and CCTV supply, installations and routine Maintenance Services.
- Mechanical installation in Ventilation and Air Conditioning Systems for factories and commercial Buildings.
- Mechanical Design and Fabrication works.
- Civil works Design and Construction.
- General Supply.
- Supply of Skilled labour for projects.

EMFLO STAFF MEETING AFTER COMPLETION OF GUDIE LEISURE FARM PROJECT

ELECTRICAL PROJECTS

ELECTRICAL ENGINEERING WORKS OVERVIEW

Emflo is involved in Commercial and Industrial electrical installations as well as residential developments.

Because of our growth and success, we are able to provide a comprehensive list of electrical services; No job is too small for Emflo. We strive to make sure all our jobs are done efficiently and safely.

COMMERCIAL CUSTOMERS:

Our involvement in this sector is a major part of our business. We can cover anything from complete turnkey installations, to alterations and maintenance.

INDUSTRIAL SERVICES:

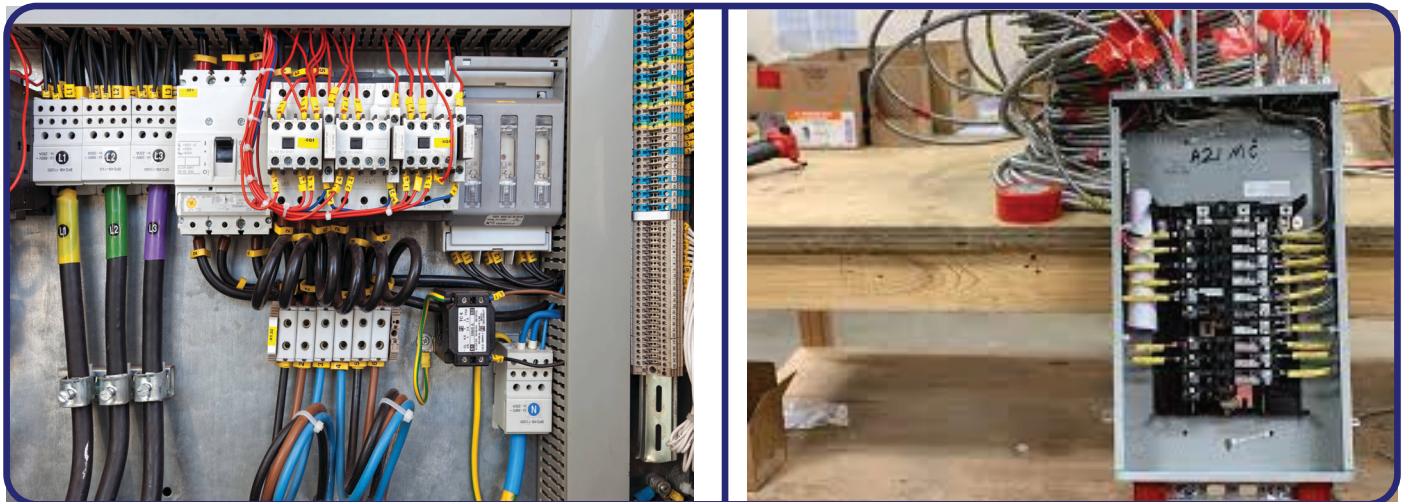

For our industrial customers we recognize the special requirements necessary to work in an Industrial Plant environment. We can carry out new industrial installation, assist in upgrade in plant systems, emergency repairs and plant maintenance.

WE ARE TYPICALLY INVOLVED WITH INSTALLATIONS IN THE FOLLOWING TYPES OF PREMISES:-

Residential Villas Offices / Fit out works, Factories and Warehouses, Show Rooms, Retail Premises Residential and Commercial Buildings Construction.

OUR INVOLVEMENT ENCOMPASSES ALL ASPECTS OF INSTALLATIONS SUCH AS:-

- Complete Electrical Design & Installation works.
- L.V Switch Gear installation.
- Power upgrade in compliance with ERA regulations.
- Design/Drafting Services.
- Mains Cabling installation.
- Power Distribution - Installation and Maintenance.
- Interior & Exterior Lighting - Installation and Maintenance
- Lighting Dimming Control System – Installation and Maintenance
- Power Factor Correction installation.
- Earthing & Lightning Protection Systems.
- Data/Voice Cabling works.
- Uninterruptible Power Systems - UPS installation.

ELECTRICAL PANELS

ELECTRICAL PROJECTS

CLIENT: KABIRA COUNTRY CLUB

LOCATION: BUKOTO KAMPALA

SERVICES:

- INSTALLATION OF STANDBY 800KVA GENERATOR SET
- INSTALLATION OF STANDBY 800KVA CHANGE OVER SWITCH
- RECABLING OF ATS IN SWITCH ROOM

DATE: OCT.2016

WORK VALUE: USD 4,500.00

EMFLO STAFF DURING GUDIE LEISURE FARM PROJECT AT NAJJERA 2021

ELECTRICAL PROJECTS

CLIENT: MEERA INVESTMENT LTD.

LOCATION: SPEKE APARTMENT -WAMPEWU AV.

SERVICES:

- INSTALLATION OF LV EXTENTION PANEL.
- INSTALLATION OF 2 X LAUNDRY DBs
- INSTALLATION OF SMDB

DATE: OCT 2016, MAY & JUNE 2017.

PROJECT VALUE: USD. 8,000.00 & 7,500.00

CLIENT: KAWACOM COFFEE (U) LTD

PROJECT: COFFEE WAREHOUSES & RAW MILLING

LOCATION: NAMANVE INDUSTRIAL PARK - MUKONO

SERVICES:

- CONCRETE FOUNDATION EARTHING WORKS.

ELECTRICAL INSTALLATION FOR NEW SHRINK WRAPPER FOR PRODN L3
DATE: DEC.2020
PROJECT VALUE: UGX. 32,000,000

MECHANICAL PROJECTS

STEEL FABRICATION AND MECHANICAL ENGINEERING WORKS **OVERVIEW**

The use of steel for Structures and Products has gained popularity because of the shortest time it takes to execute the task (speedy construction) and we at EMFLO have taken step ahead of others in understanding the design and fabrication of these using Steel Structural Elements.

Carbon Steel and Mild Steel are the most popular because of low cost material and cheaper fabrication cost. The latter (mild steel) is of low carbon content hence higher Ductility, Malleability and more especially easy to weld compared to the former (carbon steel).

The most common structural elements for use in Buildings, Bridges, Crane Frame are hot rolled I-Section (Universal Beams); H-Sections (Universal columns); C-Sections; Angles (Equal and Unequal); Square, Rectangular and Circular Hollow Sections (Tubes).

Connection of Steel Structural members are either by bolting or welding depending on the connection design. Bolting is preferred for its flexibility and adjustability while welding is commonly used for permanent joining because of Durability, Strength and Rigidity.

For Structures/Products where precision and fineness is required Cold Formed Sections are used and these may include: Furniture, Machine Guards, Door frames and Windows frames etcetera.

At Emflo Development Service limited we have carried out fabrication of various structures including but not limited to: Steel Frame building, Steel Frame Bridges, Container Structures, Gantry Crane Frame, Staircases, Car Roll Cages, Machine Guards, Car Bumper Guards, Steel Furniture (Beds, Chairs, Storage Shelves, Cabinets, Tables etc. Gates, Doors, Windows, Tanks and Electrical & Solar Panels Stands, and Animal Cages.

We have been able to fabricate a number of Stainless Steel products which include: Storage Shelves for Chemicals, Laboratory Stores, Factory Conveyors Cross-overs Stairs and Staircases in moist production areas; Domestic/Raw Water Lines; Production Treated Water Lines etc.

Below are some pictorial evidence and project values for some of the projects:-

MECHANICAL PROJECTS

CLIENT: SOKONI AFRICA (U) LTD
LOCATION: NSAMBYA HLL KAMPALA
SERVICES: DESIGN & INSTALLATION OF BUTCHERY COLD ROOM
DATE: OCT 2018
PROJECT VALUE: UGX: 5,000,000/

MECHANICAL PROJECTS

CLIENT: TURACO TREE TOP LODGE LTD.

PROJECT: INTERIOR FURNITURE

LOCATION: KIBAALE FOREST - KIBAALE DISTRICT

SERVICES: FABRICATION AND SUPPLY OF INTERIOR FURNITURE FOR LODGE

DATE: MARCH 2019.

PROJECT VALUE.: UGX: 25,000,000/

CLIENT: RWENZORI BOTTLING COMPANY LTD.

PROJECT: MAINTENANCE REPAIR

LOCATION: NAMANVE INDUSTRIAL PARK - MUKONO

SERVICES: REPAIR OF FACTORY WAREHOUSE LEAKING ROOF

CIVIL WORKS PROJECTS

CIVIL WORKS OVERVIEW:

Civil works encompasses a large field and as a multi-discipline contracting company, Emflo Development Services Limited has many years' experience in the successful execution of Earthworks and Concrete practice; Upgrading of Gravel Parking Lots to a complete Rigid & Flexible Pavement; Construction of various facilities such as Industrial Structures which includes: Warehouses, Workshop areas, Silos; construction of Commercial Buildings such as Offices, Hostels, Hotels, Arcades, Hospitals excetera and Residential Buildings.

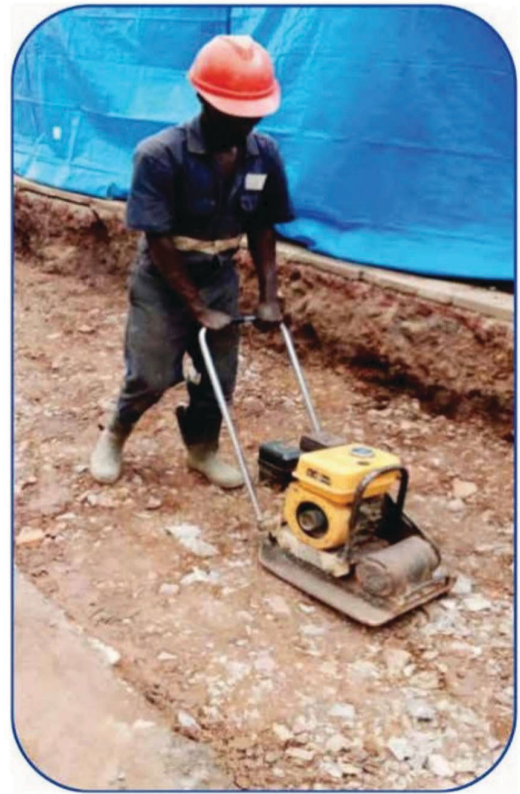

COMPANY UNDERTAKINGS IN CIVIL PROJECTS:

- ❖ **Project conception and initiation:** Feasibility studies, Proof of concept, initial requirements capture & verification
- ❖ **Planning & Design:** Geo-technical Investigation; Architectural & Structural design of structures using various software such as ArchiCAD, Revit, Sketch-up, Prota-Structure, Prokon and Auto-CAD; Estimation of Bill of Quantities and Bill of Materials; Geodetic Surveying recording and analysis.
- ❖ **Pre-construction:** Reviewing design, specifications; life cycle cost analysis; Securing of any form of construction/building permits on behalf of the client.
- ❖ **Procurement:** Sourcing and supply of project materials from both international and local markets; Hiring of contractors and sub-contractors labour force; Record keeping of materials and tools.
- ❖ **Execution:** Site and building setting out; Concreting and Masonry works; Timber and Steel Roofing works; External and Internal Finishing works.
- ❖ **Sundries:** Laboratory and in-situ tests management; Project scheduling, Project Monitoring and Report writing.
- ❖
